INCORPORATION ELECTION SEEN FOR OCTOBER

MISS LEMON GROVE — Barbara Fletcher, center, a blond, brown eyed junior at Mount Miguel High School was selected Miss Lemon Grove last week at the Kiwanis Contest at Michaels in Lemon Grove. First runner up is Darlene Anderson, right, a senior at Helix High. Second runner up is Kathy Davis. Miss Fletcher will now compete in the Fairest of the Fair contest.

Boney Charges Sups Are 'Self-Propagating'

Henry Boney last week questioned what he terms the self-propagating system used to appoint new supervisors to the County Board.

Boney, a candidate for 2nd District Supervisor shared the platform with the incumbent, Dave Bird, and Candidates Snodgrass and Christianson. The meeting was at the Jamul Community Club.

Boney said earlier that "according to the registrar of voters, it is a rare instance that an incumbent supervisor has been defeated. They retire and, assisted by the other supervisors, appoint their replacement", Boney said, "and this means the people have a County representative for two or three years that they did not elect!".

"This being the last term possible for Mr. Bird to legally serve, he apparently has already picked three successors", Boney said. "When I am in El Cajon, I am told that former Mayor Karl Tuttle will be appointed. In Spring Valley, Gil Ray is Bird's choice and Mr. Maurice Plumlee is the fair-haired boy in Chula Vista."

"The incumbent has been eligible for retirement for some time", Boney noted, "but if he can win the campaign, he will retire with a larger income." Boney challenged the incumbent to answer him.

Bird discounted Boney's statement. He denied any intention to appoint a successor and said that he did not want to retire. He announced his age as being sixty-six.

Boney also charged that "supervisorial candidates are often forced to campaign against an opponent who has the advantage of being an incumbent by virtue of the board's appointment. The people will not be fooled into giving away their vote."

Teevee Taker Jailed 60 Days

SAN DIEGO (CNS) — Charles A. Vultaggio, 22, 8412 Palm st., Lemon Grove, a bartender, has been ordered to 60 days in the county jail as a condition of three years probation by Superior Court Judge Ronald Abernetry.

Vultaggio pleaded guilty to grand theft on April 23 and a court of burglary was dismissed. He was charged with taking a television set from the home of Lillian DeNunzio at 3635 College ave.

Judge Abernethy also ordered that Vultaggio pay a fine of $150 and surrender his driver's license as the television set was transported in a car.

Petitions Squeaks By With 2 Names To Spare

It may take as much as 18 weeks for Lemon Grove voters to decide whether or not their community will become San Diego County's 14th city, Supervisor David W. Bird said Monday.

He said a rough timetable provides five weeks for advertising and setting up hearings for exclusions; eight weeks for setting up polling places, and another five weeks for advertising and holding the election. By the timetable, an election could be called for October.

The timetable is based on proponents coming up right away with $800 to defray the cost of calling and holding the election, he said.

Last week, petitions calling for the election were found to be sufficient, Mrs. Helen Kleckner, clerk or the Board of Supervisors reported. The number of names was sufficient by two. The assessed valuation, represented by these names, amount to more than the 25% minimum requirement.

The election, when called, will be the community's third opportunity in ten years to form a city. In 1955 the proposal was beaten 2,180 to 1,607. In 1958 the vote was 2,783 to 2,301.

The area which the Committee for Incorporation has proposed to be included in the city covers five square miles with a population of about 30,000 and an assessed valuation of $30 millions. Proponents said the one per cent sales tax subvention would produce $350,000 a year for the city. A study made six years ago estimated the first year's income to be $265,000 according to Frank Armstrong, an attorney, head of the Committee for Incorporation. He said studies show that the area produced $35 million, in taxable sales each year.

The area is bounded on the south and west by San Diego, La Mesa on the north and is separated from Spring Valley on the east by Sweetwater rd.

The area is already served by the Helix Irrigation Distict; the Lemon Grove Local Fire District, and the L.G. Sanitation District.

If an election is held in October and the issue is successful, the County will continue to give complete service to the city without charge until July 1, 1965. The city could build up a sizeable bank balance by the time the city is on its own, Armstrong said. The money would come from sales taxes, fines and licenses.

Only legal landowners were allowed to sign petitions calling for the election. In the election, only registered voters residing within the limits of the proposed city will be eligible to vote.

Spokesmen for the Vista La Mesa area say that section will ask for exclusion. Historically, areas asking for exclusion by representative groups, are left out. Some residents of American Homes, in the east section of Lemon Grove, have indicated exclusion will be asked at the first hearing.

Incorporation Fund Started For Election

$200 has been collected to meet the cost of an incorporation election, Frank Armstrong, chairman of the Committee for Incorporation, announced.

The funds were put in the First National Bank under the name of L.G. Trust Fund For Incorporation. Armstrong said those who wanted to make a contribution could do so by depositing the money directly into the account at the bank.

A list of immediate donors included:

F. Faucher	$ 5
D. F. Gigliotti	20
Frank Armstrong	10
Ray Brehm	10
Robert Wilson	5
L.G. Kiwaniannes	25
Paul Lines	5
Max Goodwin	5
Members of Kiwanis	$115
total	$200

Byron Netzley, Lemon Grove School Disrict Superintendent and Bob Vaught, camera shop operator and former president of the Lemon Grove Chamber of Commerce, have agreed to serve as co-chairmen of the fund raising group of the Committee for Incorporation.

More than $800 is needed, the co-chairmen said.

Weekend Damage To Local School Nearly $1,000

More than $500 in damage was wreaked on the landscaping at Palm Junior High School Sunday, George Dickinson, school Maintenance man told sheriff's deputies. Labor required to salvage some of the plants and replacing the totally destroyed ones could cost the district a total of $1,000, it was said.

Trees, plants and flowers were pulled up and lobbed about four of the school's courtyards in a fashion resembling hurricane damage. Liquidamber trees, Tam Junipers, Hollywood Junipers, Rosemary and Xylosoma plants were pulled up by the score. A Petunia bed was also wrecked.

Dickinson said that it would have required a large strong youth to have pulled the trees up. Some of the decorative bushes also had deep root systems suggesting the unusual strength needed to pull the plants up.

Sheriff's Deputies C. Smith and J. Moore are following footprint clues.

A smaller amount of damage was done to plants at Mt. Vernon school earlier last week. Damage was not so extensive and the two acts of malicious damage are not believed to be related. A number of plants were pulled from a courtyard of Mt. Vernon school following a rainy spell in April. A woman's shoe print was left in evidence.

NEW READER DRIVE TO BE STARTED

Playground equipment for the retarded children's center in El Cajon will be purchased with proceeds from a subscription campaign to be launched by this newspaper.

A contribution will also be made in your name if you ascertain that your neighbor is not a reader of this newspaper and after you tell us about it we are able to convert him to becoming a regular reader.

The subscription cost is $3.50 a year. There will be 52 local-news packed issues delivered to subscribers every year. Not only that, the new subscriber can get the paper and say "charge it" and a bill will be sent later.

A new subscription can be started by calling 469-0101 and asking for the circulation department.

Mercy Hospital Revisited

The Sisters of Mercy greeted members of the news profession last week as Mercy Hosital marked its 74th year of operation.

It was a heartwarming get-together in the hospital's big auditorium with Sister Mary Eucharia, the hospitals' administrator, telling of the function and philosophy of the town's oldest hospital.

The hospital has a warm place in the recesses of this writer's heart because his two children were born at Mercy, and partially because of this, they have become sturdy, healthy youngsters. The men and women gathered around the luncheon tables to help the hospital mark its anniversary looked pleased and happy, too.

Even the announcement that the non-profit facility loses about $300,00 a year seemed to please the Sisters, the hospital staff and advisors. Interest this day seemed centered

Street Sign Recaptured By Deputy

Sheriff's Deputy N. "Dusty" Rhodes observed Eddie Ray Nation, 18, of 7240 Mt. Vernon st., Lemon Grove, carrying away a street sign Monday. The sign was the one which normally occupies the corner at Mt. Vernon and Massachusetts. By the time Rhodes parked his car, the sign had been allegedly carried into Nation's apartment at 7240 Vernon st. Accompanying the suspect to the apartment, Officer Rhodes recaptured the sign and transported Nation to County Jail where he was booked on a petty theft charge. Nation said "I thought it would make a good souvenir". The County, to whom the sign belongs, sets a $50 value on such devices.

PARADE, KARNIVAL, $ ON TAP FOR APPRECIATION DAYS

About 50 old autos, some dating as far back as 1916 (Ford) will parade down Broadway Saturday at 9 a.m.

The parade, being photographed in color by KOGO tv cameras, is part of the San Diego Antique Auto Club's annual "Antique Ramble". The parade will visit other parts of the county between here and Oceanside.

While the autos are here, lemon pies made from lemons grown in Lemon Grove will be given to the cars' drivers. The pies are being baked by the Lemon Grove Soroptimists, the Business Women's League and the L.G. Lionesses. Also scheduled to meet the cavalcade is Dr. Amorta Treganza who was Miss Lemon Grove, 1928.

All of that is part of an Old Fashioned Sales and Appreciation Day event that will have several highlights on Saturday. Forrest Baxter, Chamber of Commerce president will present the pies to the drivers.

There will be a gigantic Appreciation Days contest at 10 a.m. at the market parking lot at Broadway and Olive streets. Local Appreciation Days tickets which have been given out during the week by Appreciation Days participating merchants will be drawn from a barrel and by that method a winner will be chosen. The contest will continue until a winner is picked. There will be many consolation prizes too, but most contestants will be vying for the approximately $400 prize to be given to some fortunate shopper. John Dail, local insuranceman will be master of ceremonies.

A Kiddies Karnival will be at the market parking lot for three days starting Friday. It opens after school is out Friday and after church on Sunday. Saturday, it will be open all day and rides will be 5c from 10 'til 12 with tickets also being distributed by local business firms.

The three events are part of the Chamber of Commerce's new business revitalization program according to Forrest Baxter, newly seated president. These projects are under the direction of Ed Burt, chairman of the Merchants Division of the Chamber.

IT HAPPENS TO THE BEST — Such tragedy as the above is not expected Saturday when the S.D. Antique Club parade comes through Lemon Grove at 10 a.m. More than 50 old-time autos are expected to be in the line as the club's annual Antique Ramble is staged. The event, sponsored by KOGO tv and the L.G. Chamber of Commerce will see lemon pies, baked with Lemon Grove lemons, presented to the driver of each car. Pie bakers will be members of the L.G. Soroptimists club, the Business Women's League and the Lionesses. In the photo is a 1932 Packard with Antique Club member James Grace at the front end.

LET US ALL PRAY TOGETHER AS A FAMILY

Every man everywhere needs Christ. His teachings are required curriculum for heaven and not electives or optionals. Too many people are Christians by rote and not by heart. The Scriptures say that "with the heart man believeth unto righteousness and with the mouth confession is made unto salvation."

GOD'S MINUTE

REV. H. C. BAKKEN

"HOLY SPIRIT"

The coming of the Holy Spirit to abide in the hearts of the one hundred and twenty at Jerusalem changed them in fearless witnesses for Christ. Their one consuming passion was now to do the will of God. They did not stop because of opposition or danger. The Spirit enabled them to commit themselves to the command of Christ to be His witnesses.

about the new Mercy-Guadalupe clinic where indigent, ailing adults and children are cared for. Seven of every ten who come in for aid are given it. Two of ten are referred to County General hospital and one is referred to a private doctor.

As speakers explained all this, air hammers could be heard in the background as a new 11-story hospital building takes shape. It is scheduled to be dedicated next year when the Sisters of Mercy hold the hospital's 75th anniversary.

Nothing is grim about the staff. the Sisters or the employes. In a packet distributed to press guests was included a list of amusing calls received through the hospital's switchboard.

Samples:

"I'm calling about a friend, her name is Helen. I don't remember her last name, but I can describe her."

"The Fraternity Ward, please."

"Operator, connect me with the Patriotics ward, I want to ask about my grandson."

All Sisters of Mercy have the name Mary. Frequently this call comes to the board: "Operator, let me speak to Sister Mary. Her other name? Why, is there more than one Sister Mary?"

"Operator, look and see if my husband is asleep — don't ring him if he is."

Then a patient called on his private room telephone:

"Operator, do I have a telephone in my room?"

Yes, sir. You are talking on it now."

"Oh! So I am. Thank you."

And finally:

"Operator, connect me with the Peter Rabbits ward."

A Day With A Powder Blue Ford

The Ford Motor Co., at the urging of its young, energetic general manager, Lee Iacocca, has gotten its dealers to hold a "Day with Ford" project.

One of the features of Ford Day is to loan the local newspaper publisher a new Ford and ask him to drive it for a week. The theory is that the publisher would be overcome with the magnamity of the dealer and with the performance of the Ford. The publisher might buy the car and he probably would write a piece about it.

When Pat Grace, the general manager of Spears Ford, approached me last week and offered a car I turned him down. The car and truck we have now are late model Fords. It was like gilding the lily to shove another Ford at me. Grace is already a little shy where we are concerned. He has never quite recovered from the time last year when he insisted that we buy a Ford right now because there was a contest of a sort and he had a good chance of winning it. All he wanted us to do was buy a new car now instead of later. I have been flooded with the tears of a Ford dealer before, so I said we would consider it.

It was with great reluctance that our good wife visited the Ford showroom with explicit instruction from the master of the house to buy the cheapest, stripped-down model on the floor.

Grace called that afternoon. He said, "your wife was in here wanting a stripped down Falcon but I could tell she really had her eye on a powder blue Galaxie with power equipment and chrome trim."

"I gave her the Galaxie to drive," Grace continued, "after all she is your wife and WE want her to have the kind of car she wants, don't we?"

"Yes," I admitted, "we do. What she really wants is a Buick!"

There was a long pause and some spluttering... I thought my honest admission had caused him to become apoplectic. He soon recovered enough to say goodbye.

Mr. Iacocca will forgive the reference to Buick in this material regarding his "Day with Ford"project, I am sure. Particularly since he knows that my wife drives a powder blue Galaxie with power equipment.

S.V. Man Booked

Woodrow Leonard Knotts, 21, a mechanic of 401 Sweetwater, was transported to county jail and booked on a charge of attempted burglary after sheriff's deputies said he had attempted to enter the home of Verna Lucretia Ruth, 51, of 3650 El Canto, Spring Valley. She said the man, who is reported to be her nephew, had attempted to gain entrance to her house previously and had reported it to officers.

Officers said that Knotts had broken a window to the El Canto house. He told officers that "she wouldn't let me in so I broke the window. My car wouldnt start and I needed help." Officers said his car was more than a block away. Mrs. Ruth said he called her by name before breaking the window.

Car Co-Owner Gets Sore Head

George Miller Sharp, 32, unemployed, who lives at 7555 Pacific st., Lemon Grove, had a tale of woe and a sore head when he talked to sheriff's deputies Thursday.

He said that Geraldine Connie King, 36, same address, awoke him at 3 a.m. and demanded the keys to the car. The car, he said, was registered in both their names. He said she accented her demand by slapping him across the head with a full can of beer, causing a small cut, and that she punched him in the head inflicting additional damage. She took the keys and left, he said.

Car's Bumper Taken

James Lynn Sweeney of 3230 Sweetwater Springs rd., told police that someone had taken the bumper from his car while he had it parked at Grossmont Junior College during classes Wednesday.

Voters May Use Machines In Fall

SAN DIEGO (CNS) — The County Board of Supervisors Tuesday heard the proposal of the Cubic Corporation of San Diego to furnish 60 vote counting machines for the November general election if the county commits itself to buy 60 larger machines at a total cost of $1,791,504.

The board, given a deadline of May 27, referred the proposal to Registrar of Voters Charles Sexton and Chief Administrative Officer T. M. Heggland. Sexton is already running a survey on such machines.

Ray F. Loomis, company vice president, said the machines would count ballots at the rate of 1200 or more an hour and he said in the general election counting would be completed at 3 a.m. if the polls close at 8 p.m. He said the county would save money from the consolidation of the present 2055 voting precincts down to eleven or twelve hundred.

Sightseeing Flights Two Cents A Pound

Early this year the El Cajon Chamber of Commerce and the El Cajon Ninety-Nines bid on the Powder Puff race start for 1965. Top contender for the start was Palm Springs. To raise money for the bid airplane rides were given for two cents a pound — a total of 86,158 pounds flown.

With the 1965 start awarded to Gillespie the two groups must raise a total of $5,000 by next spring. Another two-cents-a-pound flight is scheduled for May 24 from 10 a.m. to 6 p.m. at Gillespie, Montgomery and National City airports. Mrs. Del Gay of Lemon Grove, publicity chairman of the event, said the earlier rides generated so much enthusiasm that substantially more poundage is expected during the May rides.

LETTERS TO THE EDITOR

Dear Editor:

Please print this as an Open Letter to the citizens of Lemon Grove

The time has come! Yes, the time has come for the citizens of Lemon Grove to make a decision. Shall we exercise our right to self goverment of our community? Or shall we sit complacently back and let the advocates of super government do with our community as they will, possibly without us having a voice in the matter?

These are our alternates, as I see it:

The people of Lemon Grove can, if they desire, have their own city, with local government, local city planning, zoning, and building code and inspections. Lemon Grove possesses a wealth of trained and knowledgeable persons who can handle all of these functions here at home, with better service, with expeditiously and in general with much more effeciency. Or we can as a community, eventually vote for annexation to San Diego or La Mesa, or possibly split Lemon Grove between San Diego and La Mesa.

If we do not vote for incorporation at this time, then it is inevitable and possibly very soon, that we will be swallowed up by San Diego or La Mesa, or both, in a piecemeal fashion, a bite at a time, without any say so whatsoever. I believe that most of the residents of Lemon Grove prefer to voice their opinions as to what the fate of their community will be.

There will be an opportunity soon to make the decision at the polls, when an election will be held to determine whether or not Lemon Grove is to have city status. This decision is yours, the citizens of Lemon Grove.

To preserve: the identity of Lemon Grove, to further the economy of our city, to enjoy self government, and the convenience of having the seat of our government lovally, vote YES on incorporation.

Dear Mr. Editor:

Seldom do we have the opportunity, or perhaps take the time to express our gratitude to our law-enforcement officers.

The Women's Division of the San Diego Traffic Council would like to do this through the media of your paper.

It is difficult for us to realize the extent and scope of their service to the citizens of this county. Through the year we all benefit by their cooperation and their dedication to their duties.

We salute all the very fine men of the State Highway Patrol and the Sheriff's Office and want them to know how much we appreciate their tireless efforts on the behalf the residents.

Sincerely,

James Gilliam, president of the San Diego County Division of the California Teachers Association, as chairman of the "Teachers for Dail Committee". Other committee members include Robert Sutton and Kathleen Saucier of Lemon Grove and Michael Calderone of Spring Valley.

Dail also announced his support of the constitutional initiative petition to increase state support for public schools.

Gilliam and Dail in a joint statement said. "Original school financing legislation traditionally called for 50% state support and 50% from local property taxes. Today 62% of the burden is carried by local property owners. College Board OKs 3 Summer Projects

Action to approve three summer curriculum development projects and a counseling internship proposal for the spring semester of 1965 was taken at a meeting of the Grossmont Junior College District Governing Board Monday night.

All three summer projects entail the development by faculty members of new materials and techniques for use in speech, health education, and technical core curriculum courses. Approval of the counseling internship proposal would provide for the employment of a student enrolled in a graduate program in guidance it San Diego State College to replace a member of the regular Grossmont College staff who will be on sabbatical leave during the spring semester of 1965.

The board approved in principle a proposal by the Grossmont College faculty salary committee that the district work towards the creation of a salary schedule which would compare favorably wih salaries paid by the top 15 per cent of California junior colleges. Specific action in respect to a raise for the college's teaching staff was deferred until the June meeting, however.

A preliminary budget report which was accepted tentatively by the board at last night's meeting totaled $2,044,221 — an increase of $584.697 over the 1963-64 budget. An estimated 35% increase in enrollment for the next college year together with the increased expenses incurred in the operation of a separate college campus next fall were cited by Superintendent Harold C. Hughes as the primary reasons for the increase. Hughes indicated that a tax rate approaching the statutary tax limit of 35c would be required to finance the new budget unless there is an increase in assessed valuation figures. The 1964-65 bgudget income estimate includes: beginning balance, $281,000; federal funds, $23,989; state funds, $842,721; local tax source, $918,837.

TROUBLE SPRINGS UP IN YARD OF SPRING VALLEY COUPLE

Have John and Elizabeth Tarnow of 8315 Stansbury st., Spring Valley, discovered an underground river, or what do they have soaking their yard? That's been a preplexing problem to them since last December. It started as just a small patch of ground being soaked, but now it's a regular back-yard mire. Trees and flowers have died off and the Tarnows fear the cement foundation of a new house addition may be ruined. Mrs. Tarnow said that at the time they noticed the first dampness, people in a house up the hill moved out because their house was "falling apart".

Mrs. Tarnow said that two representatives of Bollenbacher and Kelton (the developers of that area) came out for a "look-see" and both had no answer for the problem. They referred the Tarnows to a civil engineer who drew up plans which may solve their problem. The plan, Mrs. Tarnow said, was to dig an area of 24 by 18 inches and to lay a pipe to drain off the water. She said they dug down 20 inches and hit a gusher of water, and she doesn't think laying the pipe will solve the problem. The water would run into Stansbury st.

The ground continues to get more quashy, Mrs. Tarnow said. She said she and her husband have contacted county officials, and all they could tell them was to get a plumber on the job. This they did and the plumber was also puzzled. He assured them that there were no leaky sewer pipes. Mrs. Tarnow said they contacted the La Presa County Water District and still didn't get an answer. Clarence Riddle, field superintendent of the L.P.C.W.D. said he had tested district pipes and meters in the area of the Tarnow home and could find no leaks.

Asked if he thought there could be an underground river or lake in the area, Riddle said there could be, but you would need proof before you could say definitely. He did say, however, that the L.P. Water District pipes in the area of the Thrifty Mart are three feet below the water level. He said he and his crew use pumps whenever there is a breakdown in the system.

Riddle said that six years ago, in the Edgetown area (just off Jamacha blvd. and south of Sweetwater Springs blvd.) that a spring was found during the wet weather. But, he said, when the dry period came around, the spring dried up. It reappeared again the next wet season. Also, just north of Edgewater are the famous Isham Springs, which, in bygone days supplied bottled water to parts of Europe. The water (at that time) was thought to contain healthful properties. Riddle said Isham Springs are fed from one or several underground rivers, pouring in about 100,000 gallons of water a day. Overflow of the ponds goes into Sweetwater Lake, Riddle said.

Getting back to Mr. and Mrs. Tarnow and their problem. She said this week a man from the county was out and could still find no answer. She said her complaint is that you move into a new home, spend hundreds of dollars on improvements, get a problem on your hands and everyone you turn to for help "gives you the run-around".

$537,000 Allotted For Recreation Use

Assemblyman Hale Ashcraft, Republican, Rancho Santa Fe, announced Monday a recreation grant of $537,000 will be made to the Helix Irrigation District in San Diego County in recognition of anticipated recreation benefits at the districts new Chet Harritt Reservoir.

Ashcraft said he was informed by William E. Warne, director of the State Department of Water Resources, that the department and the district have now signed an agreement making the grant possible under the terms of the State's Davis-Grunsky Act.

"When the funds are available the Helix Irrigation District will develop picnicking, camping, boating and fishing facilities around the lake shore," Ashcraft said.

"The Chet Harriet Dam and Reservoir were completed by the district in 1962 on Quail Creek, about two miles east of Lakeside and 15 miles northeast of downtown San Diego," he said.

Van Deerlin Asks Holiday For JFK

WASHINGTON — The day after Thanksgiving each year would be designated a national holiday in memory of the late President Kennedy, under terms of a bill introduced today by Rep. Lionel Van Deerlin (D-San Diego).

The proposal was offered six months to the day after Kennedy left Washington on the ill-fated trip to Texas.

Van Deerlin said the idea came from Nels O. Norem, 4664 Hawley blvd., after discussions within the San Diego District Council of Carpenters.

The Congressman's bill took the form of a House joint resolution asking "that the Friday immediately following Thanksgiving Day in each year shall be known as John F. Kennedy Day in memory of our late President . . . and is hereby made a legal public holiday of the same character as Thanksgiving Day."

If adopted and concurred in by the Senate, the bill would assure a four-day holiday weekend, matching the traditional Thanksgiving break enjoyed by school children.

Donovan Denies Surplus School Funds Available

State Assemblyman Richard J. Donovan (R-77th District) this week described current efforts to place an educational finance initiative on the ballot as ill-conceived and founded on fiction. In response to a series of questions posed to clarify the issue of state financing of education, Donovan told a LM-SV teachers group by long-distance phone that the existence of any surplus funds is illusory.

There is no $100-million surplus because the present school budget was established to cover two years during the final hours of our 1963 General Session," Donovan said. "Some $116-million will remain in July, but this money must carry us through the 1964-65 fiscal year. It will all be used."

Donovan cited his own effort to give financial help to those districts most in need as an example of the Legislature's awareness of educational problems. Donovan's Assembly Bill 37, which passed the Senate last week, permits the setting of new tax ceilings for school districts for the first time since 1937.

Asked what else might be expected in the way of legislation, Donovan said, "The Unruh Bill. AB 145, has an almost certain chance of passing. It will provide $54-million in additional funds for education in 1964-65 and $120 - million additionally for 1965-66. Sorely needed reforms have been included, reforms extending to the classroom teacher. Allocations are provided as an incentive for smaller classes as well as for districts which unify along prescribed lines. Certainly, it must be recognized as an effort on the part of the Legislature to assure equalized educational opportunities for all our children."

Donovan added that the initiative would unquestionably increase state taxes. "Taxes will have to be increased to implement the educational bills now in the Legislature. Additional taxes would have to be levied to obtain the funds demanded by the initiative. Furthermore, the initiative would dole out money to rich districts at the same per pupil rate as would be accorded impoverished desert and mountain districts. We, in the Legislature, are trying to find a formula for helping those areas low in assessed property, with poor tax bases.

Asks D.A. To List 'Watchdog' Costs

SAN DIEGO (CNS — The County Board of Supervisors has requested District Attorney Don Keller to furnish it with the information of the costs of running the "watch dog" unit which investigates welfare cases.

The board acted in response to a request from the Board of Public Welfare.

A few weeks ago, Keller submitted a report on the unit but the report was directed to the amount of money the unit had recovered or saved rather than on the cost of running the unit.

The Welfare Board has since said that the answer was not responsive to the question.

Wants Help Here For Rockefeller

Rockefeller help was asked this week by Earl Smart, a local attorney, who is the Lemon Grove chairman of the "Rockefeller for President" campaign.

"We want Rockefeller supporters who are willing to participate rather than act as spectators," he said. "We propose to give the 'Rock-Along With Rocky' program realistic, responsible and knowledgeable leadership as compared with that of other known and yet-to-be-named opponents.

Smart said that those people who want to overcome the present Administration's governmentally enforced and controlled socialistic program should contact him at 469-6645 or stop at his office at 7810 Golden ave., opposite the First National Bank bldg.

He said that a building is wanted for a Rockefeller headquarters here, also.
